

# Jobsite Storage Trailers

Rentals & Sales

Licensed & FHWA Compliant

## PRODUCTIVITY

Gain productivity for your project with Jobsite Storage Trailers from GE. These sturdy assets are easy to move around a site as work progresses. They also keep supplies handy -- saving valuable time for your crew -- and your project.

## SAFETY

For larger projects, several trailers dispersed around the perimeter can offer even more convenience. Rather than trudging across uneven ground with bulky equipment or tools, workers have close access to the supplies they need most often, reducing the risk of injury from falls.

## PROTECTION

Protect jobsite equipment & supplies from theft and the weather with durable storage trailers from GE. Competitive rates, reliable equipment, and over 50 years of trailer know-how...all from a company you can trust for dependability *and* service, GE.

## USES

Common uses & benefits include:

- > Weather & Theft protection for steel bars & racks, tools, supplies & concrete bags;
- > Flexibility to use multiple trailers: one for each phase of construction;
- > Avoidance of the "double-handling" associated with ground storage; and
- > Movement of materials from "Site A" to "Site B."

## SELECTION

With our conveniently-located branches, forget long drayage delays to get the trailer you need quickly. And GE can assist you by delivering and picking up trailers at one or more locations.

**48 or 53 foot Dry Vans\***

\*Reefers, Flatbeds and other van types also available
